Ecommerce Website Development

Your eCommerce site should do more than just sell, it should connect. We design visually-driven online stores that reflect your brand, tell your..

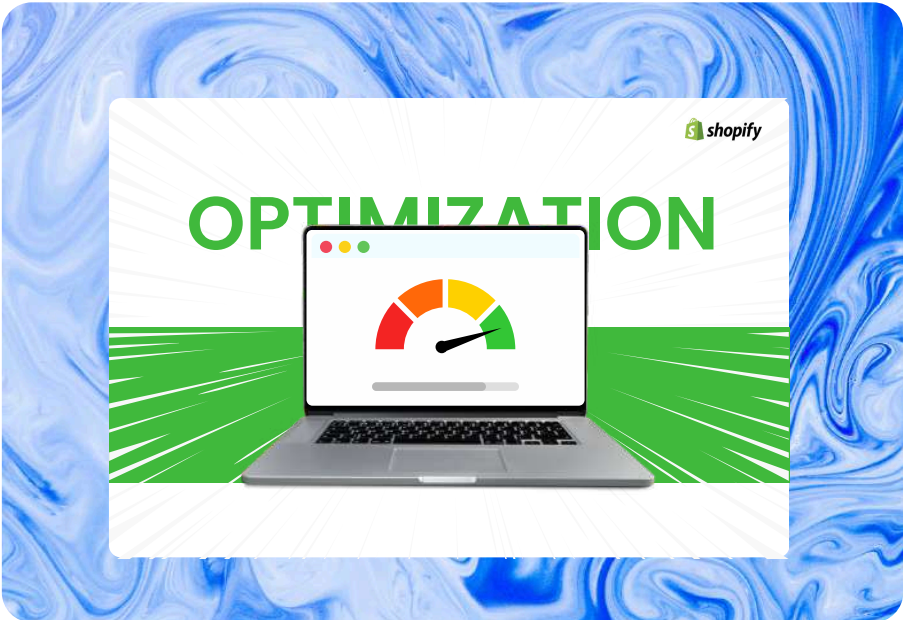

Shopify Store Customization

We craft visually stunning Shopify stores that tell your brand's story. Go beyond selling and build a powerful connection with your customers.

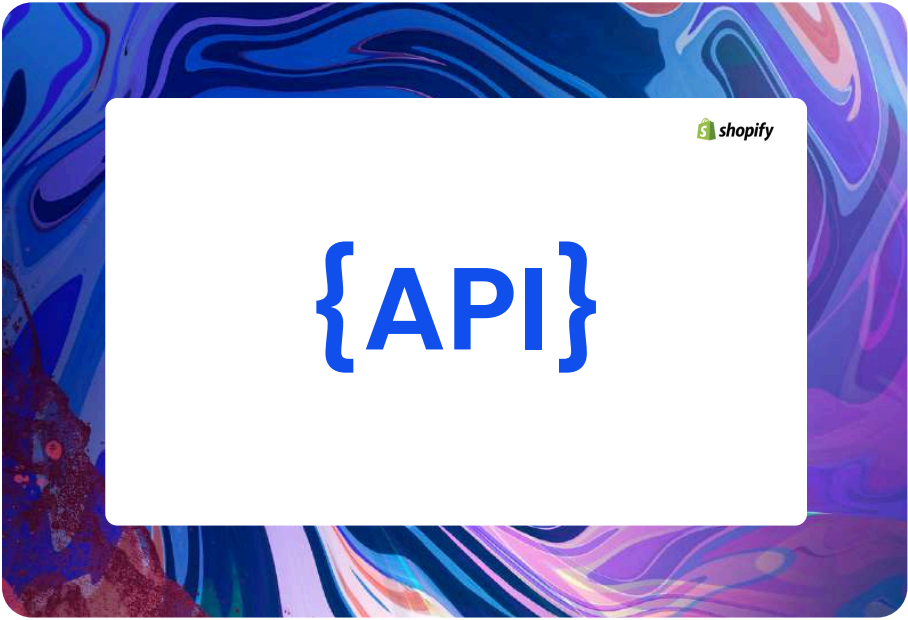

Shopify Store Design

We design stunning Shopify stores that tell your brand's unique story and build lasting customer connections.

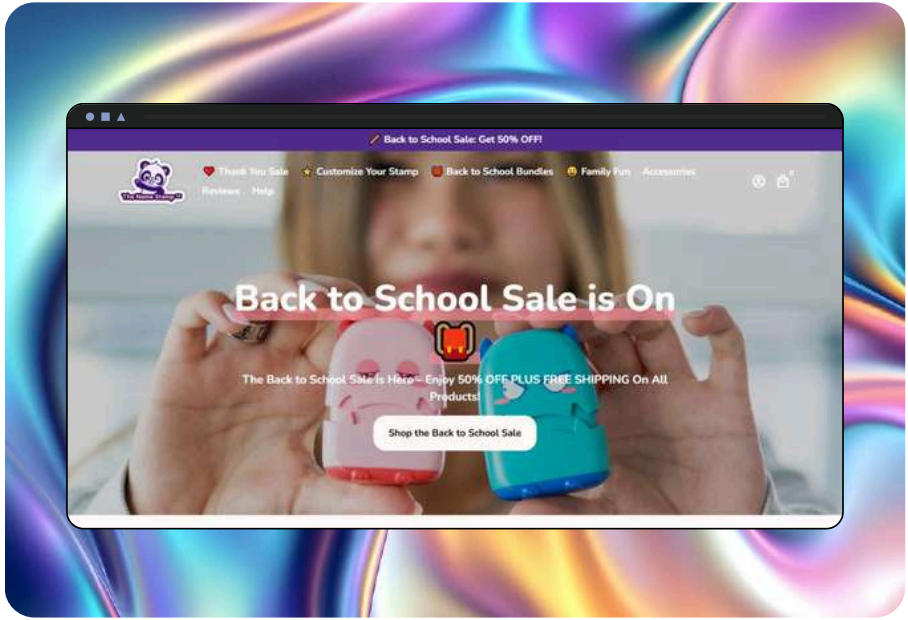

Shopify Store Optimization

Get more from your Shopify store. We optimize for speed and conversions, so you can turn visitors into loyal, paying customers.

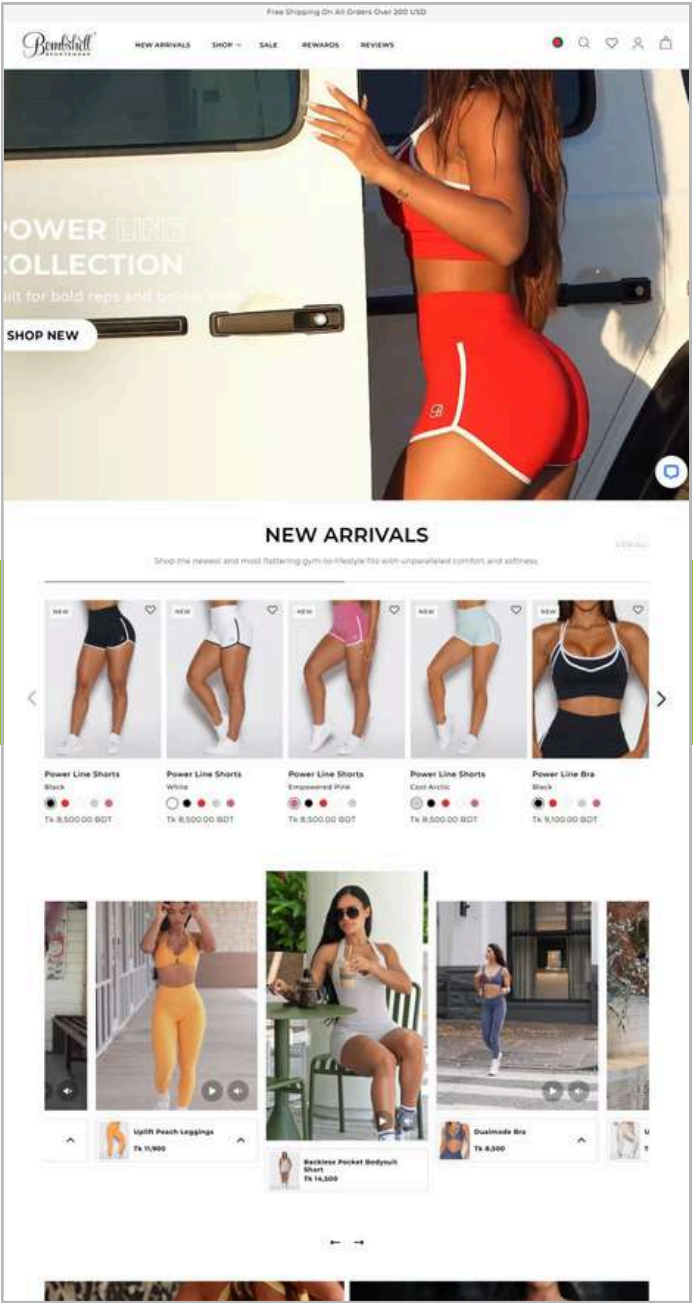

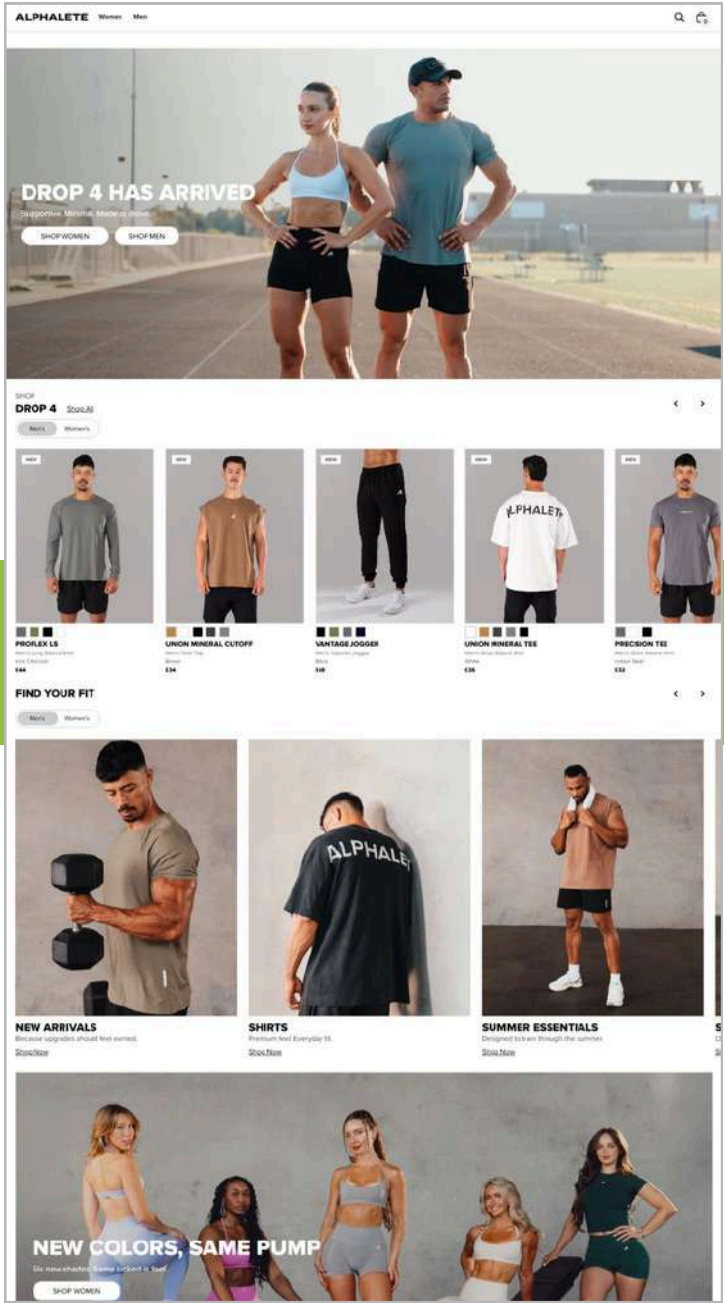

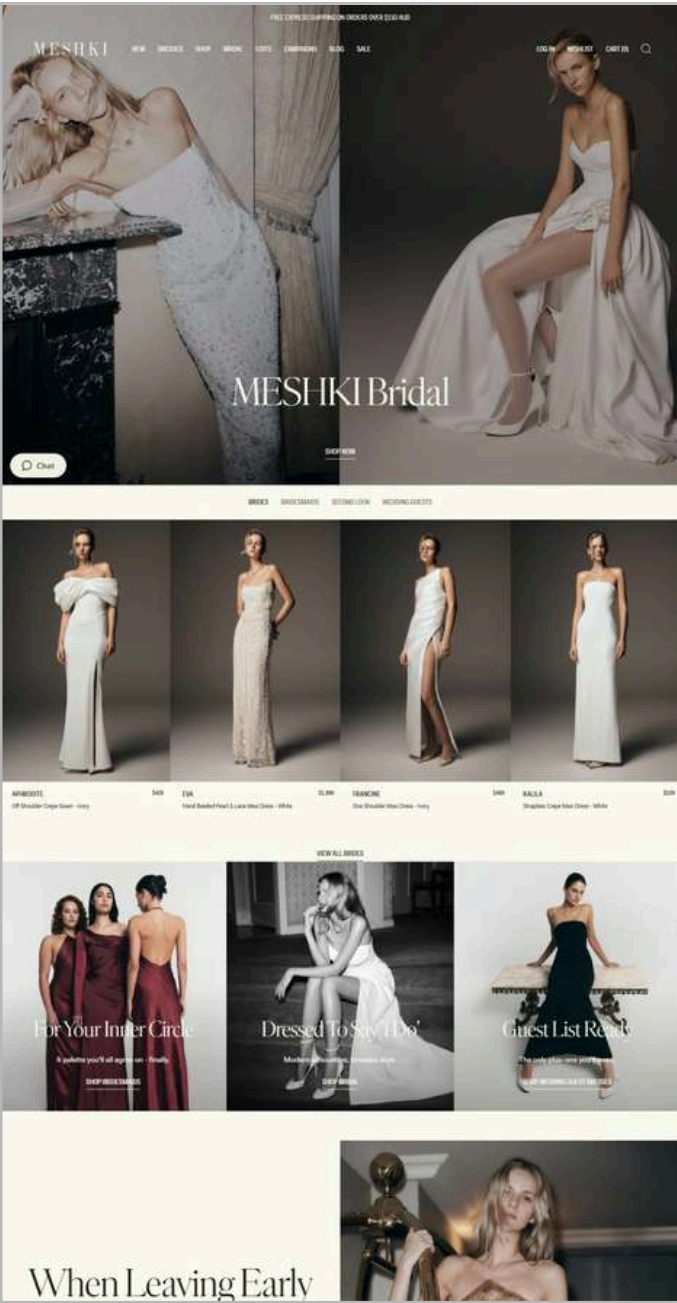

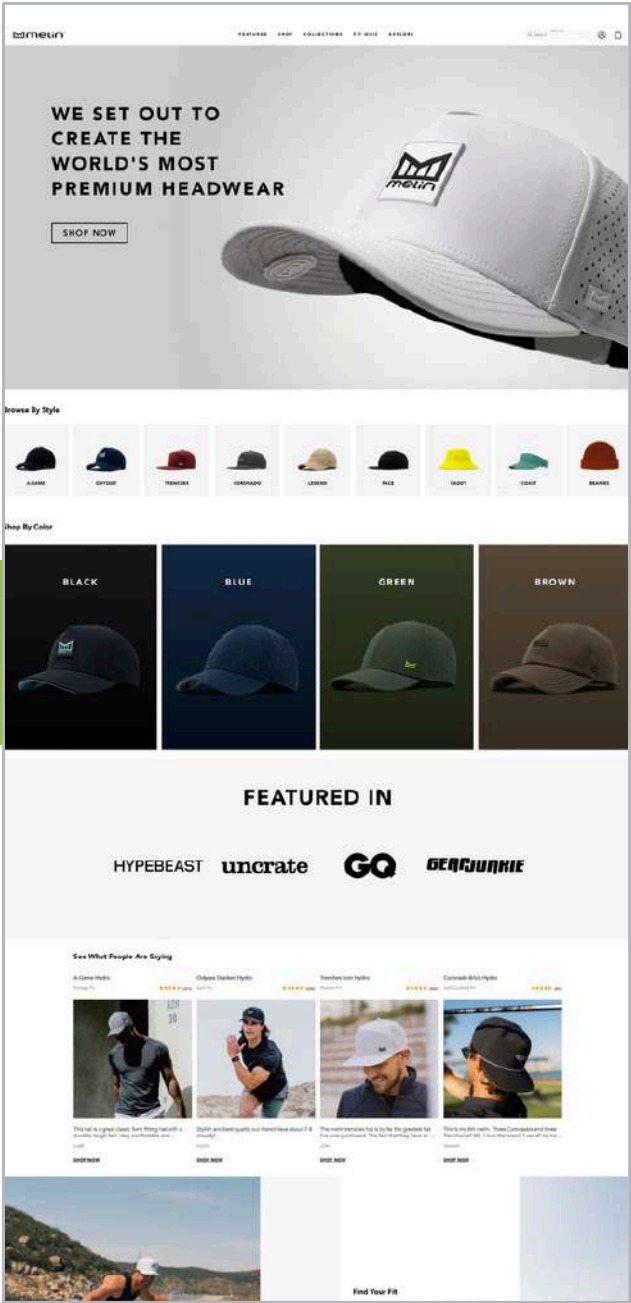

Shopify API Integration

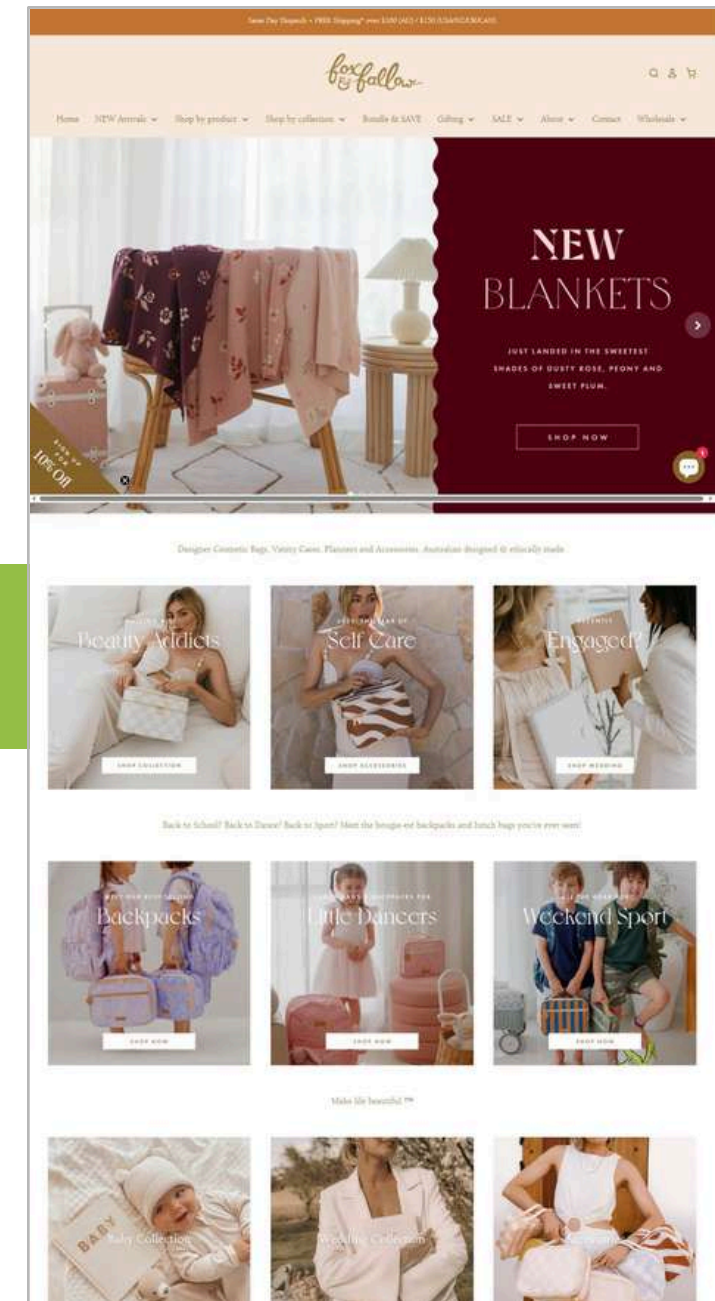

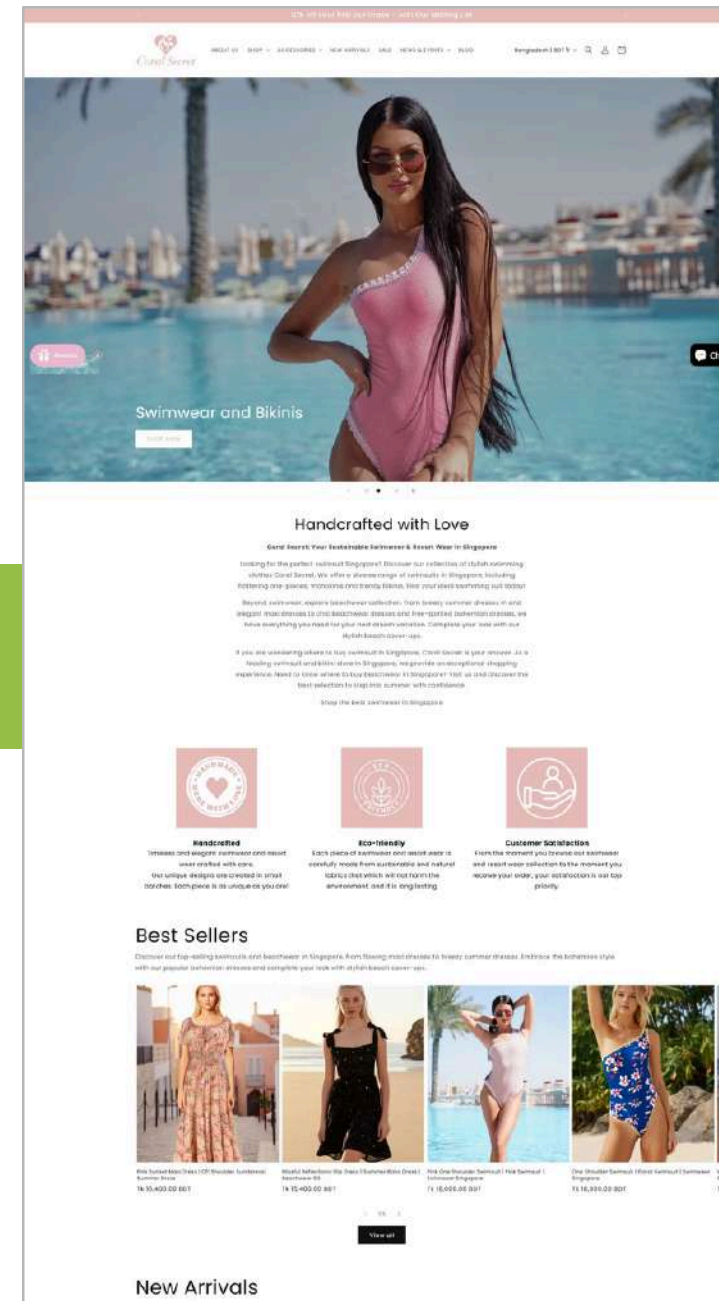

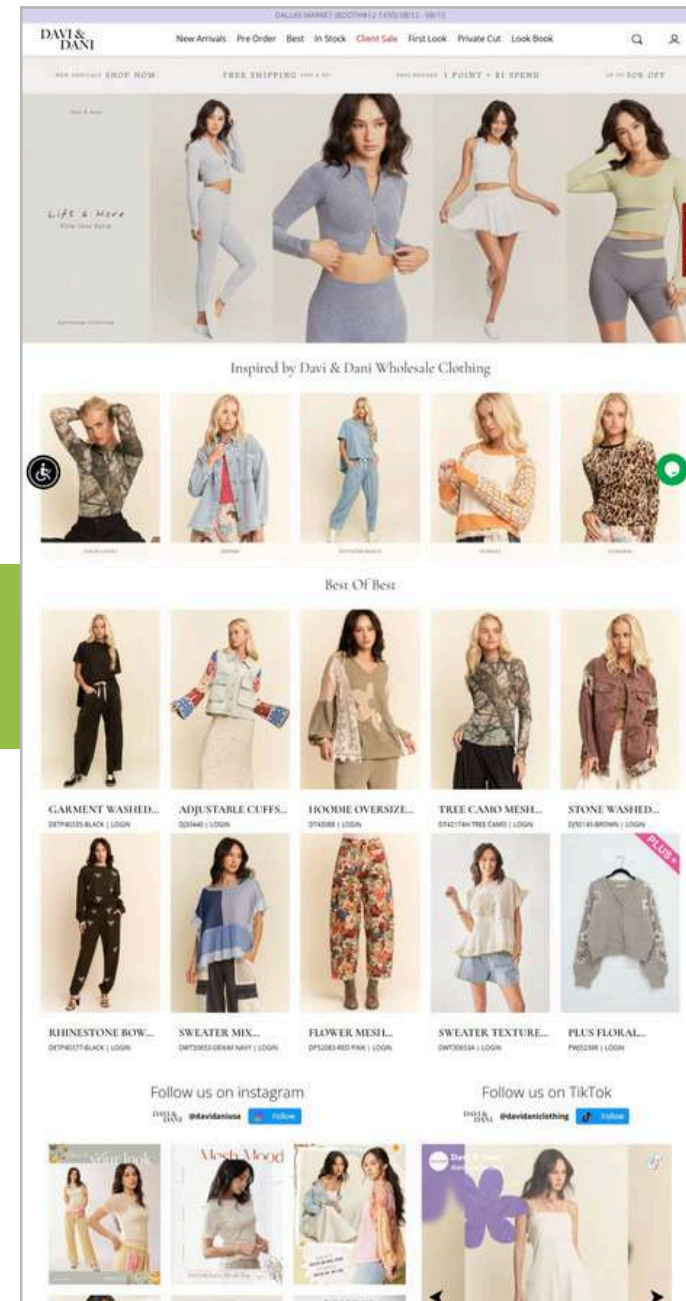

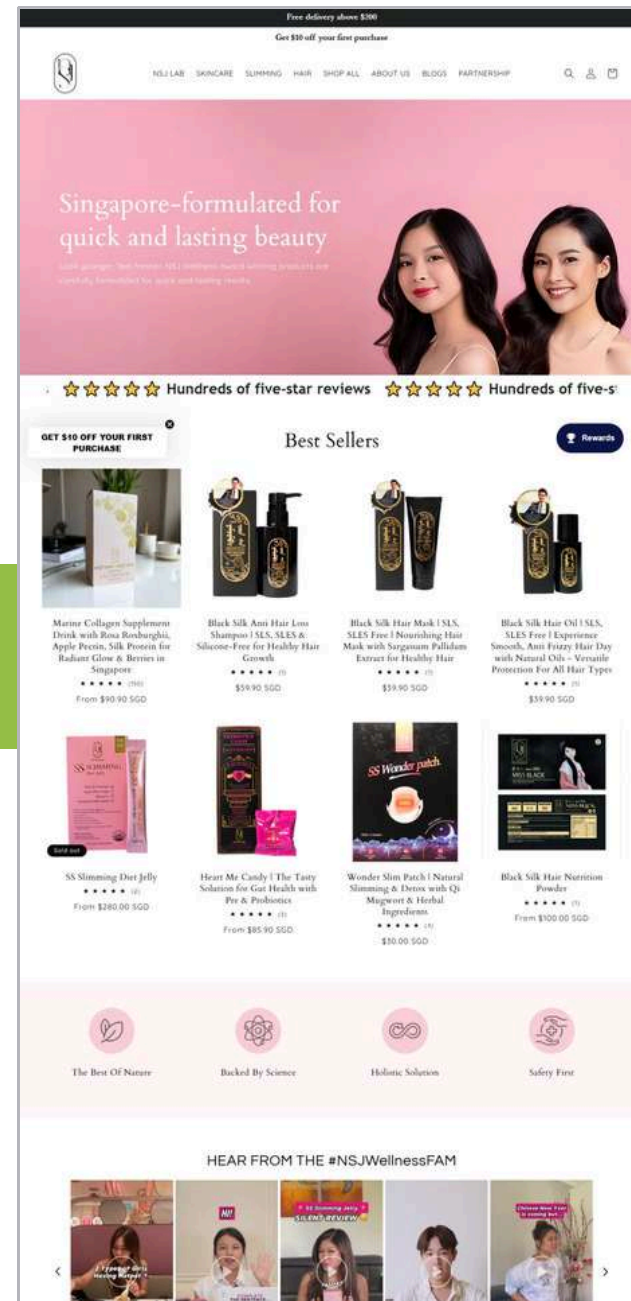

We provide custom Shopify API integration to connect your store with other platforms, automating tasks and ensuring your data is in sync.

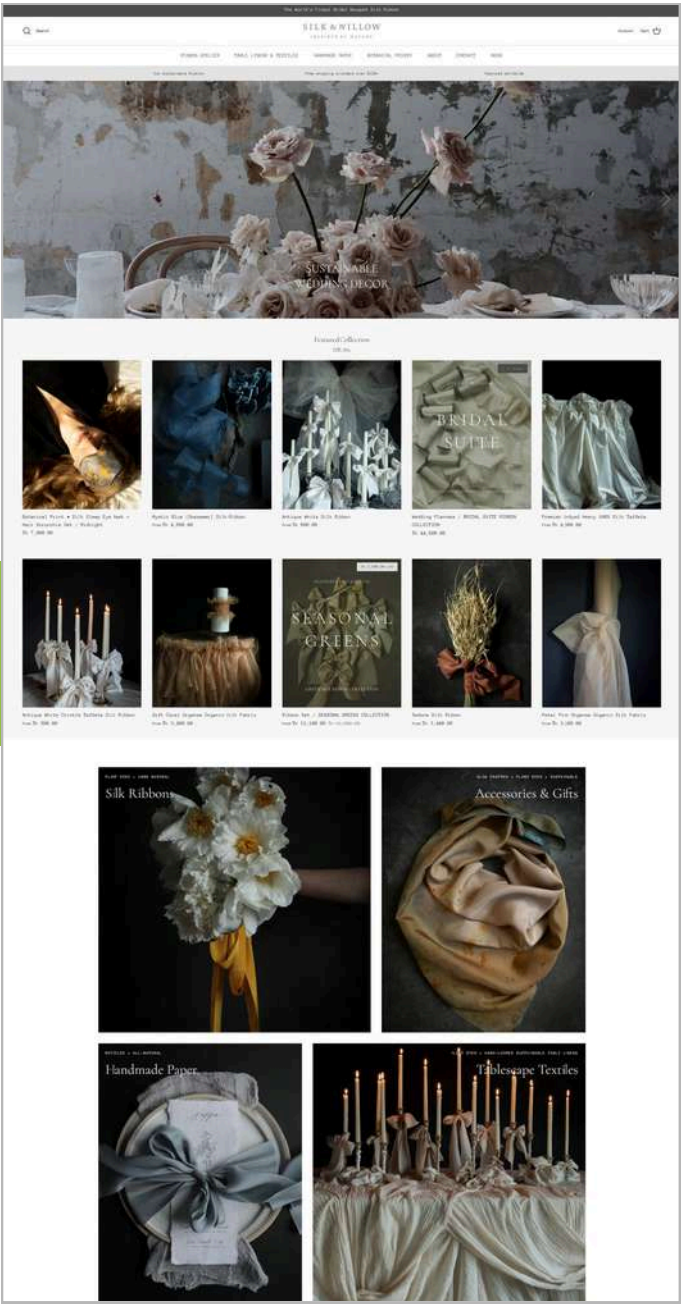

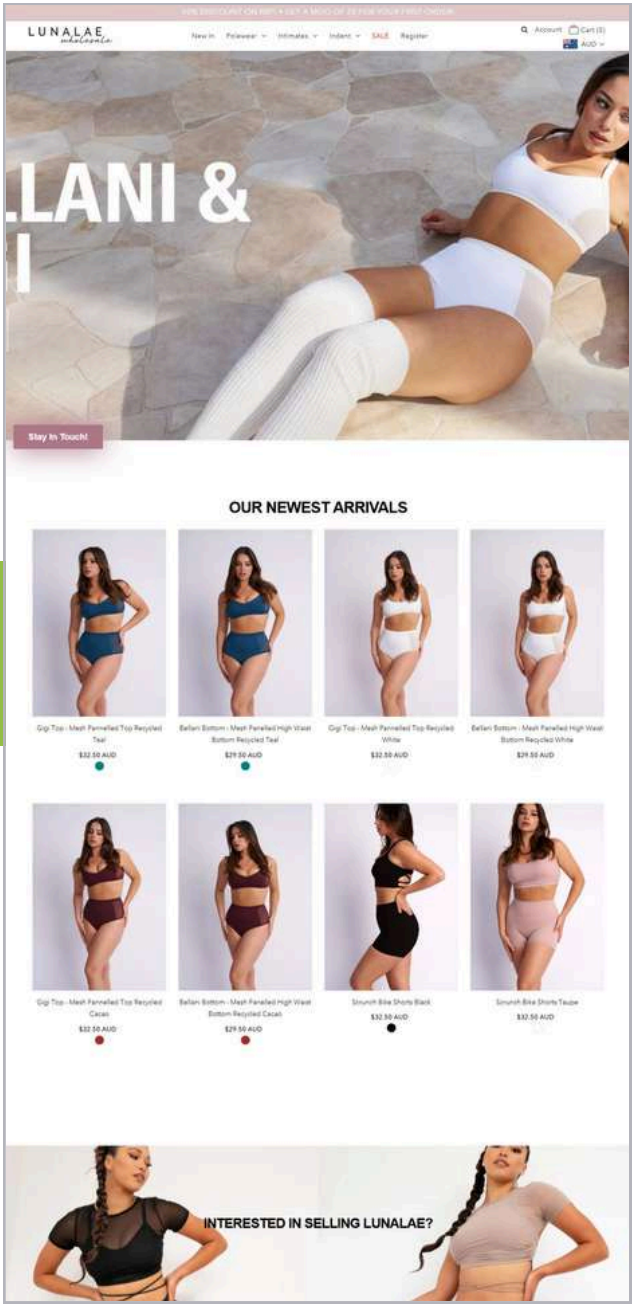

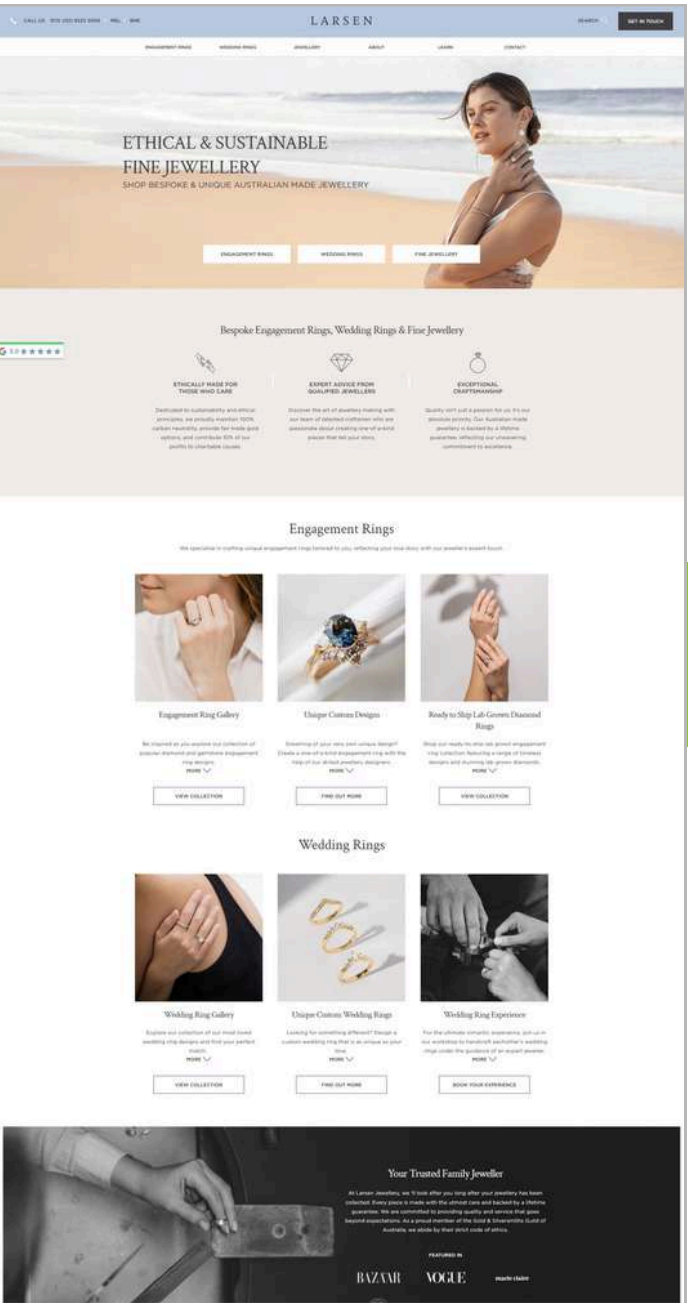

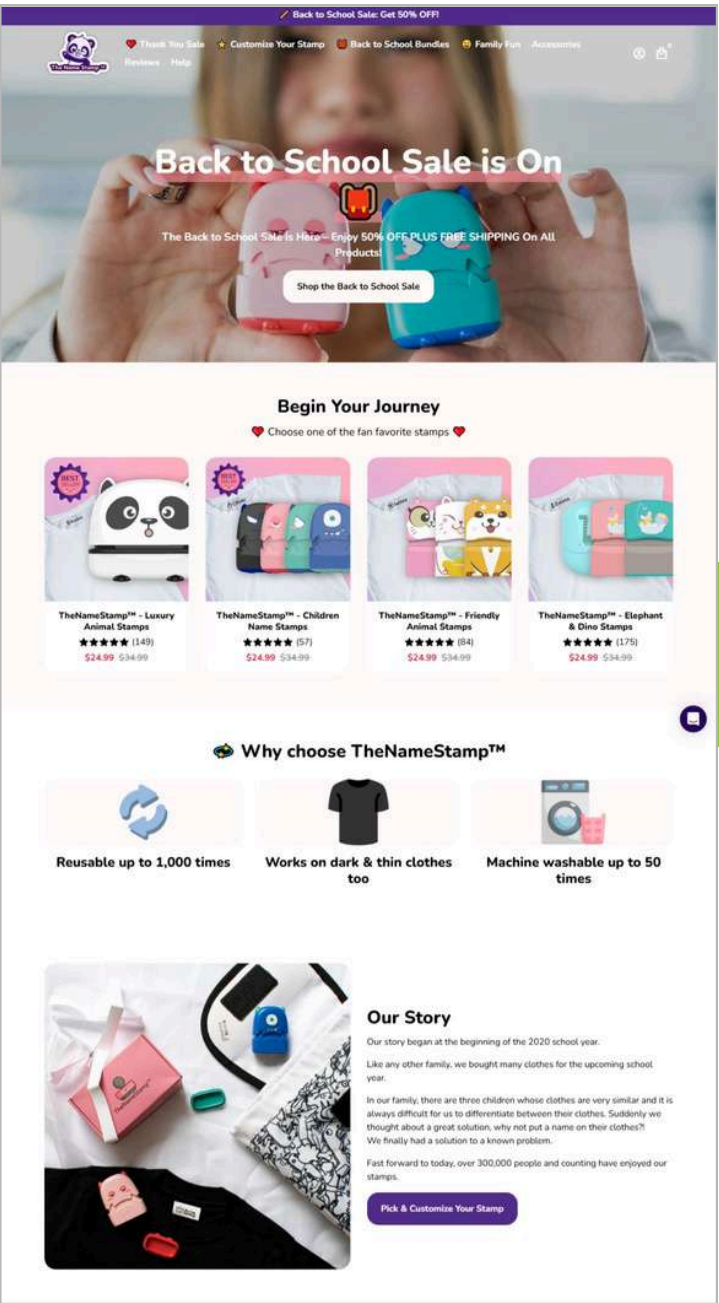

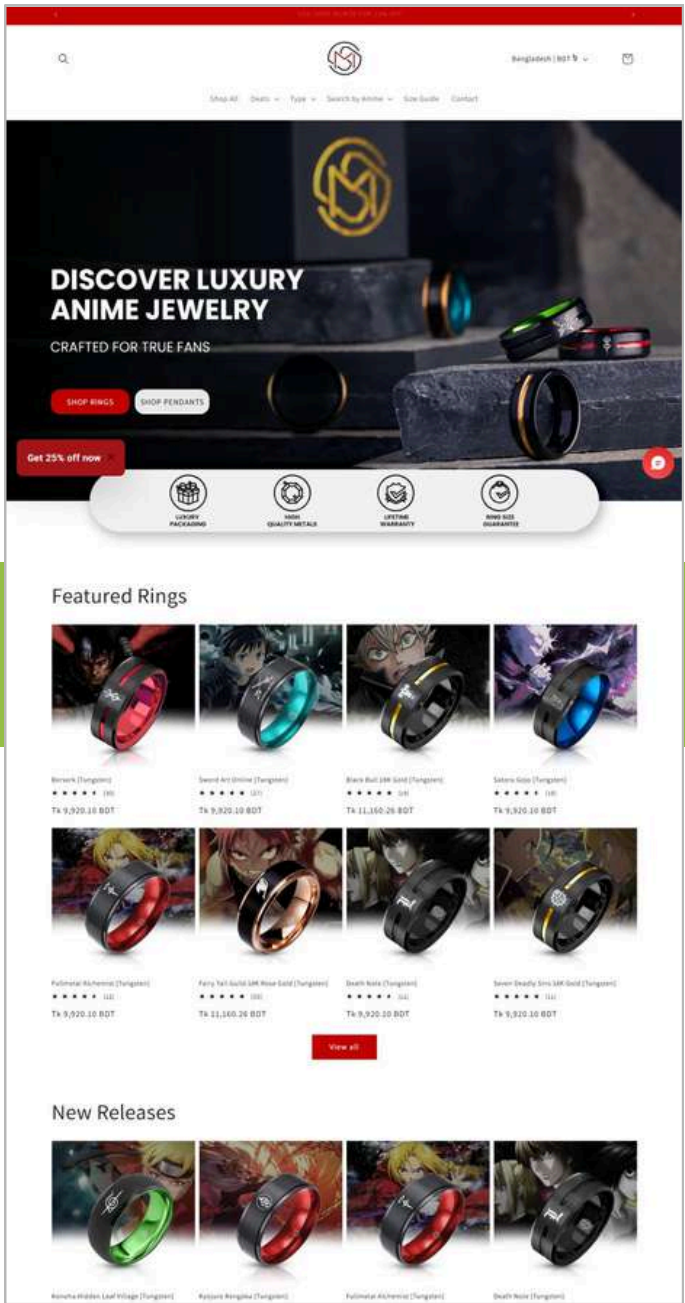

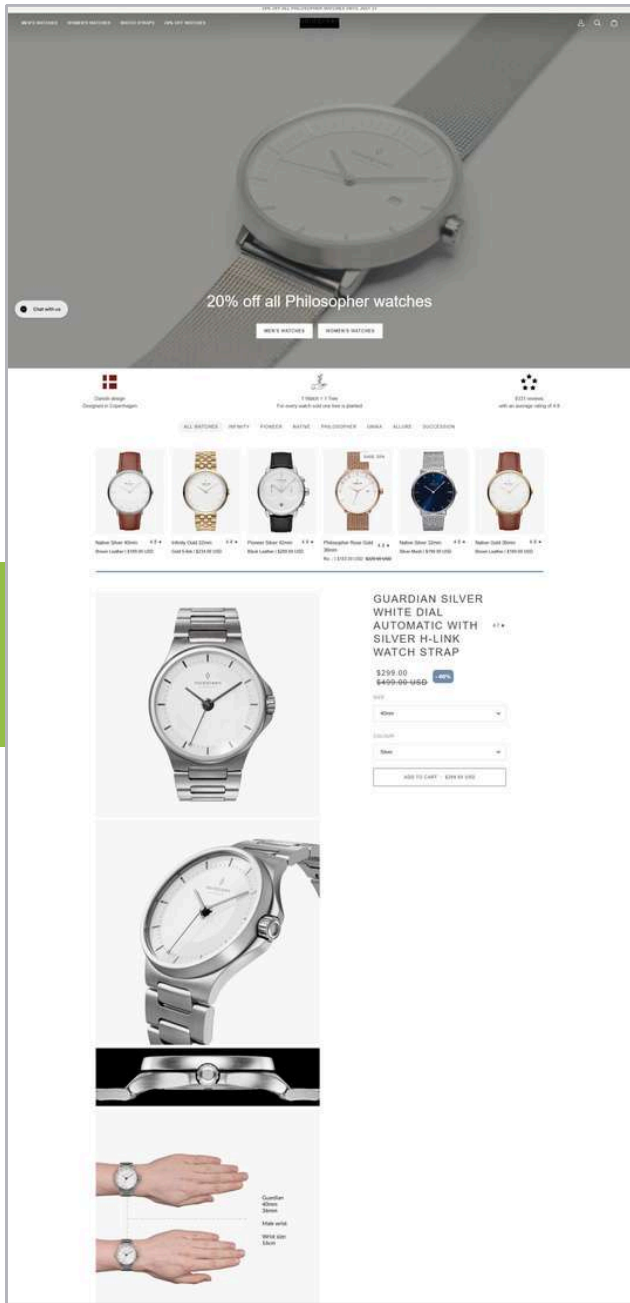

Custom Website Development

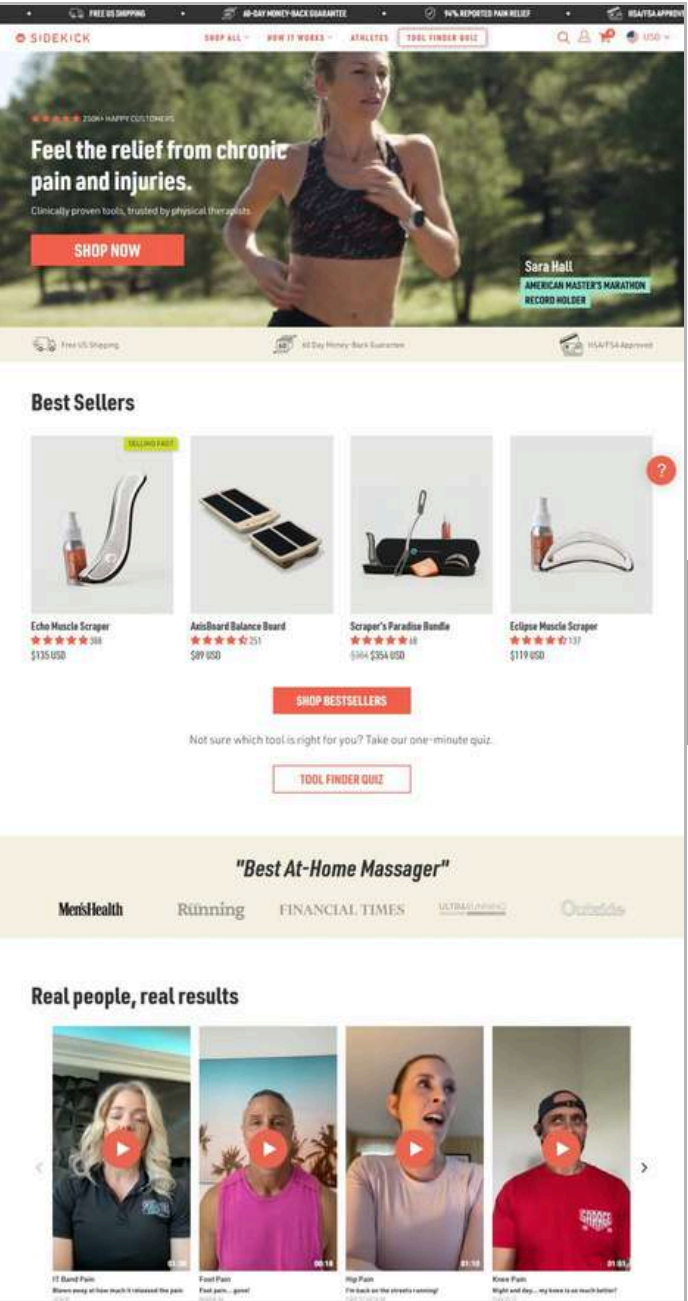

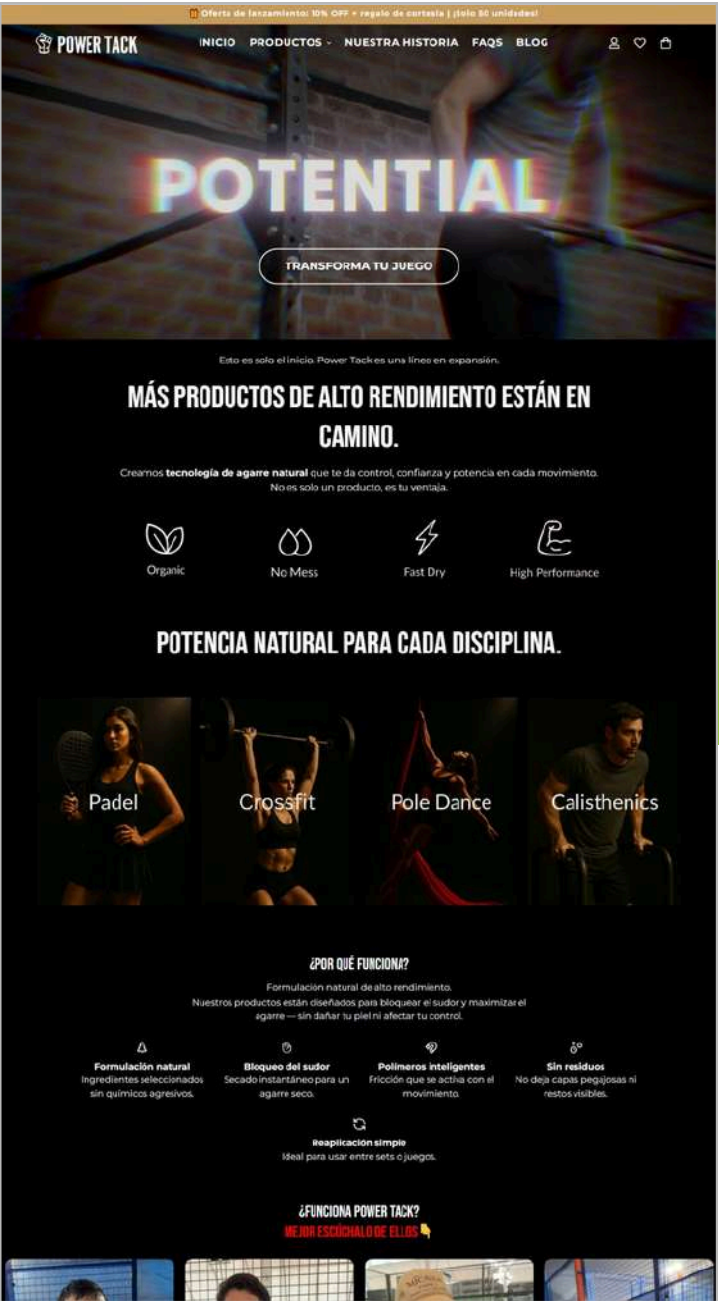

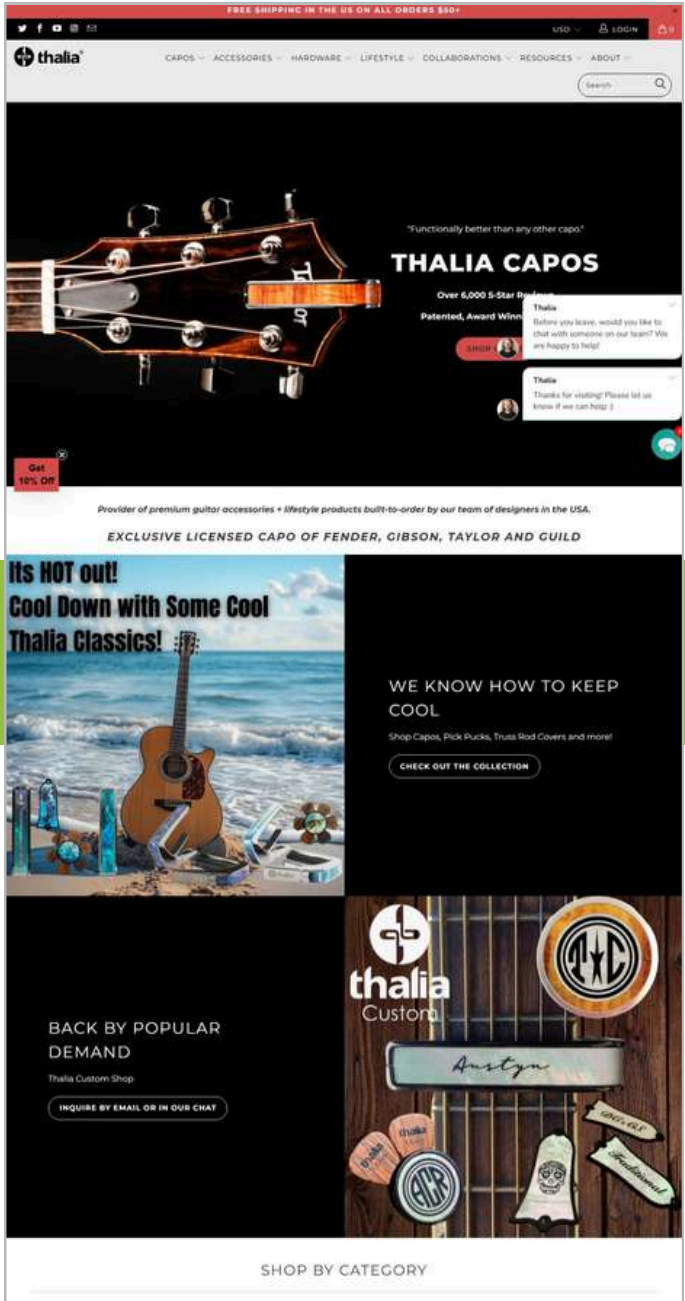

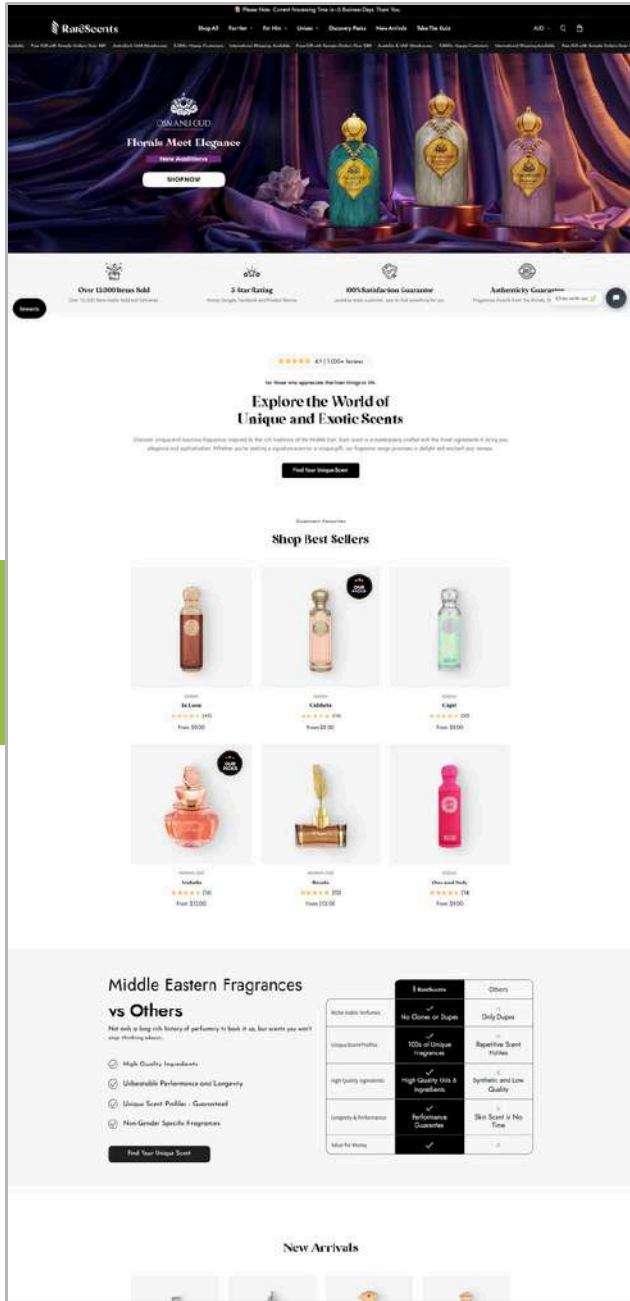

Your website should be a growth engine. We build custom web solutions that are scalable, secure, and designed to meet unique business goals.

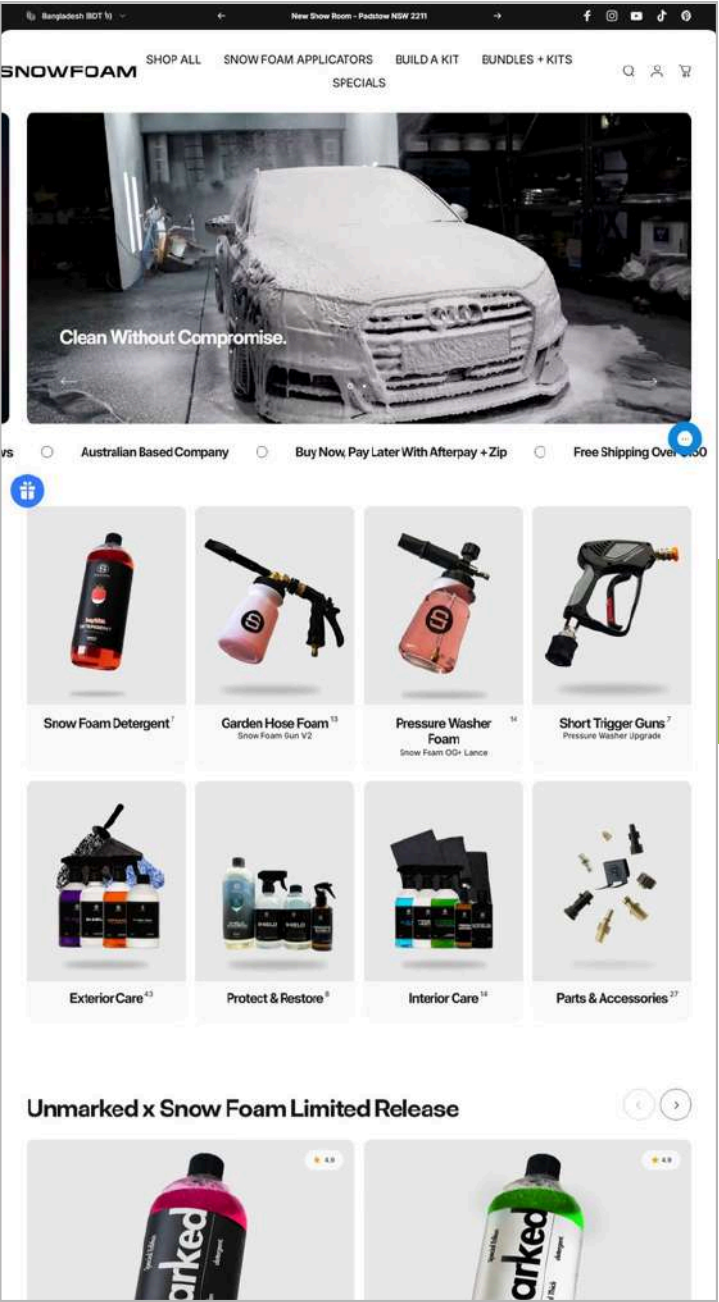

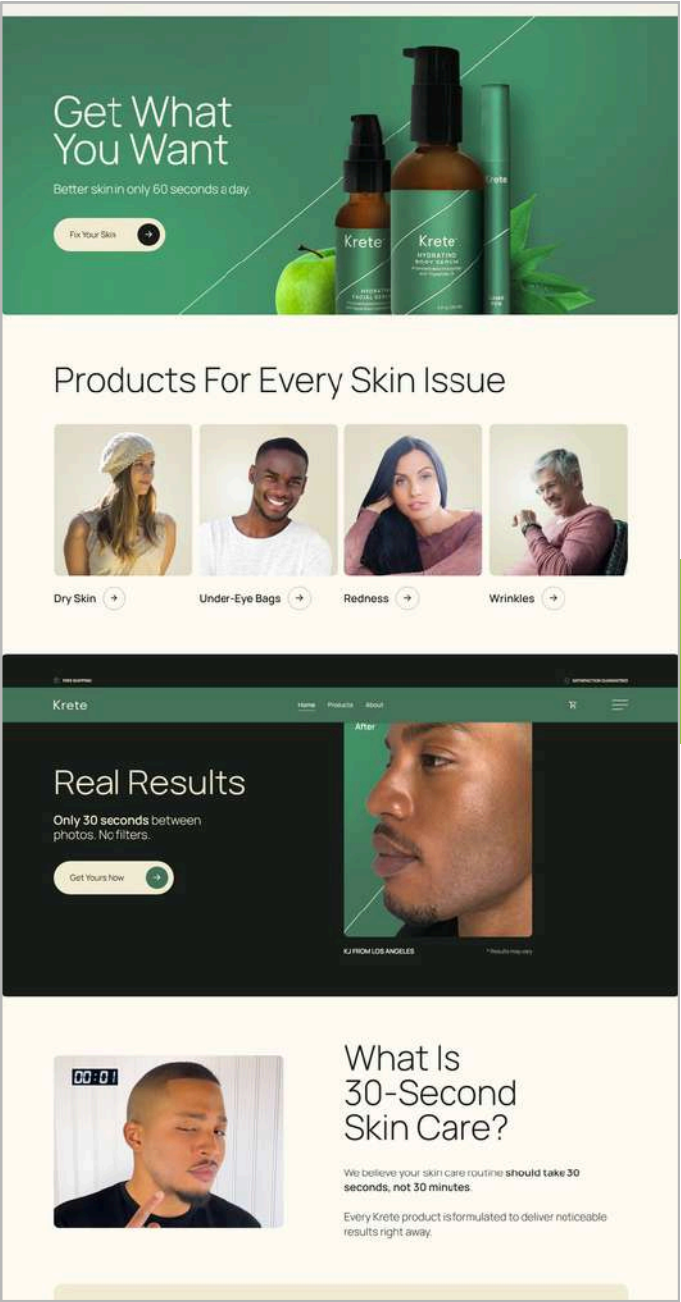

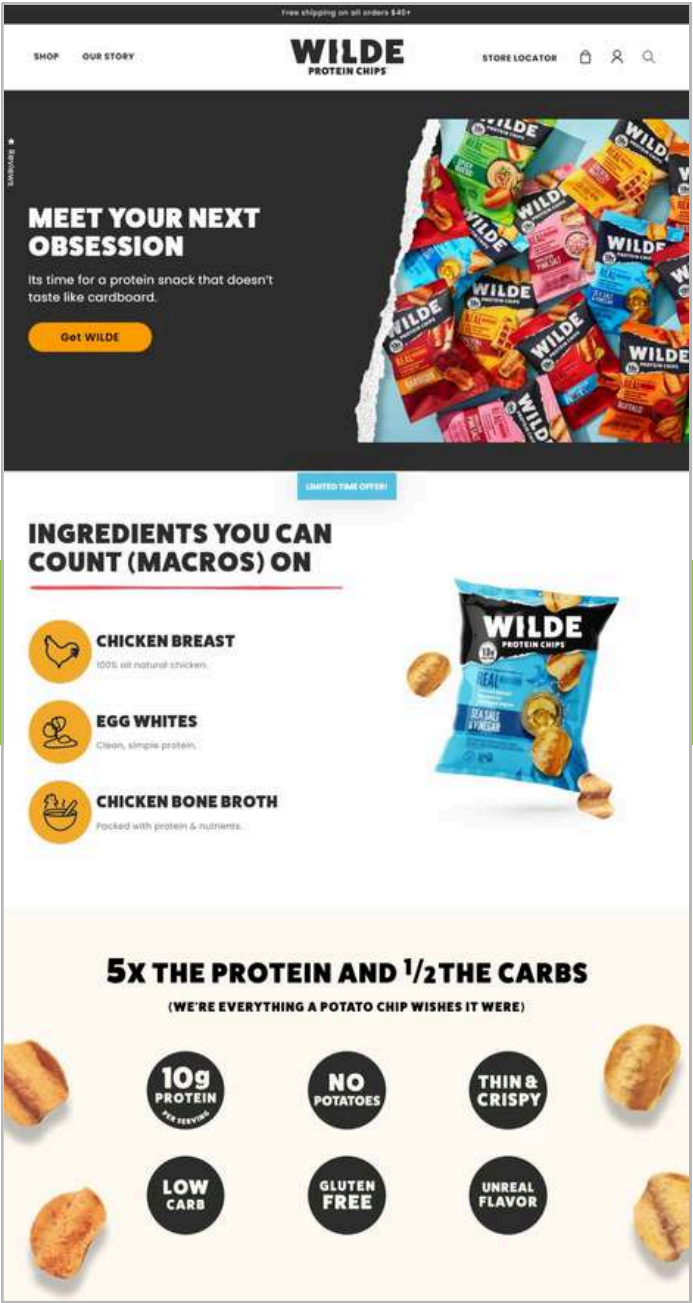

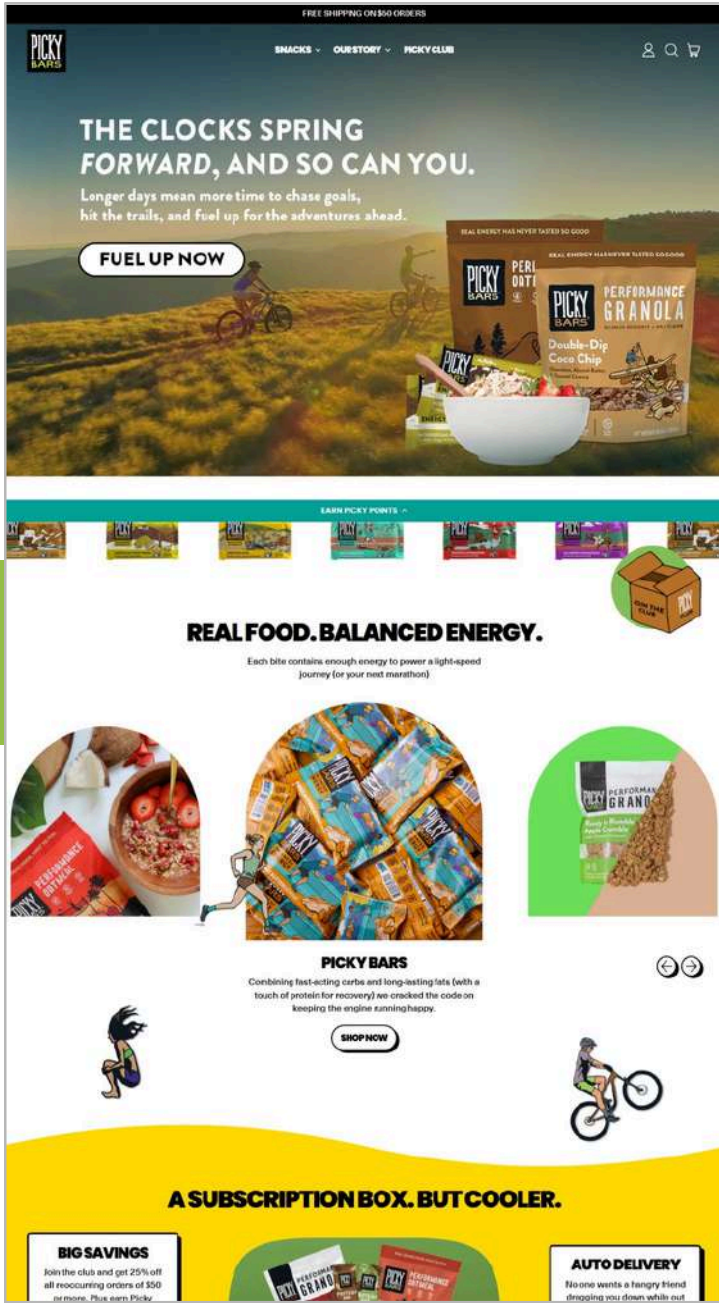

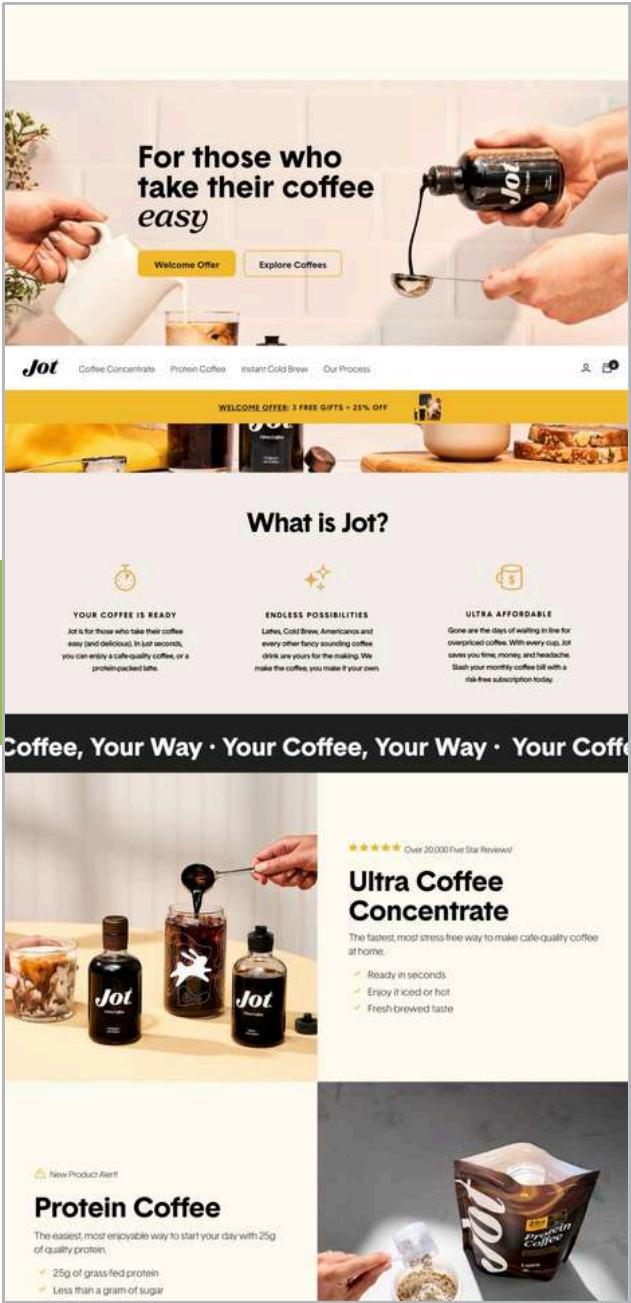

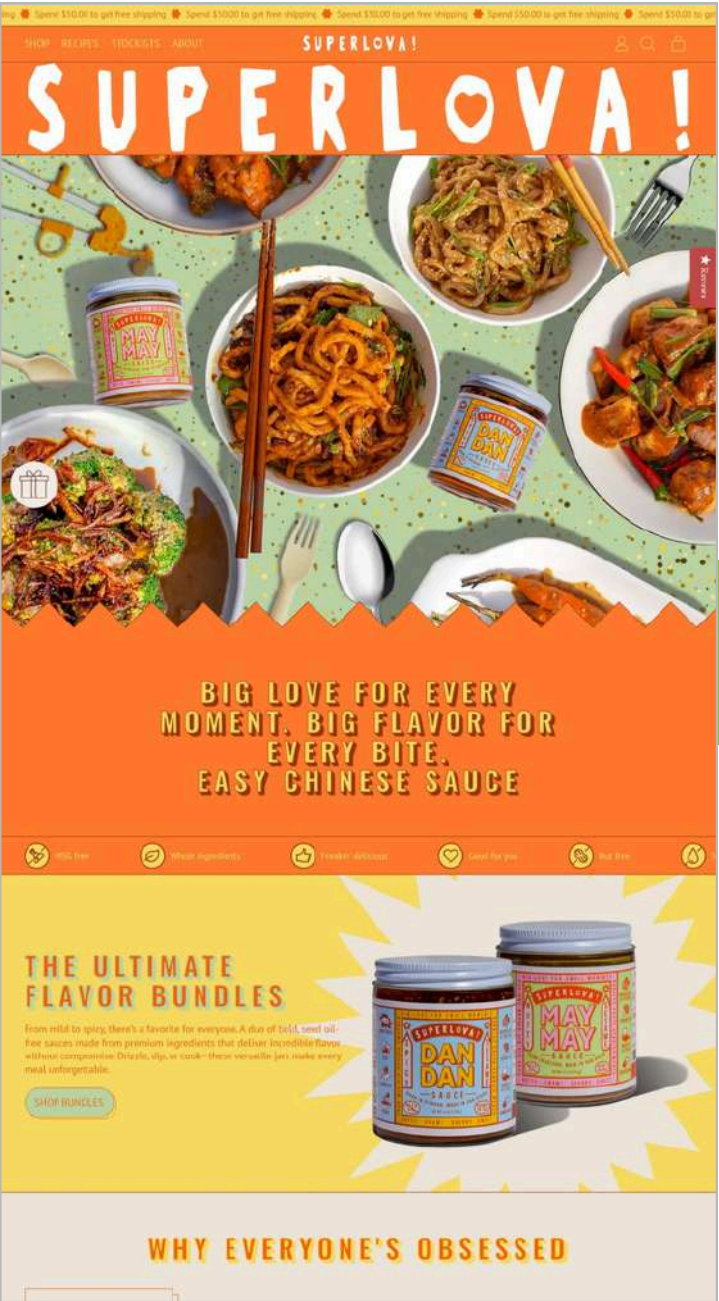

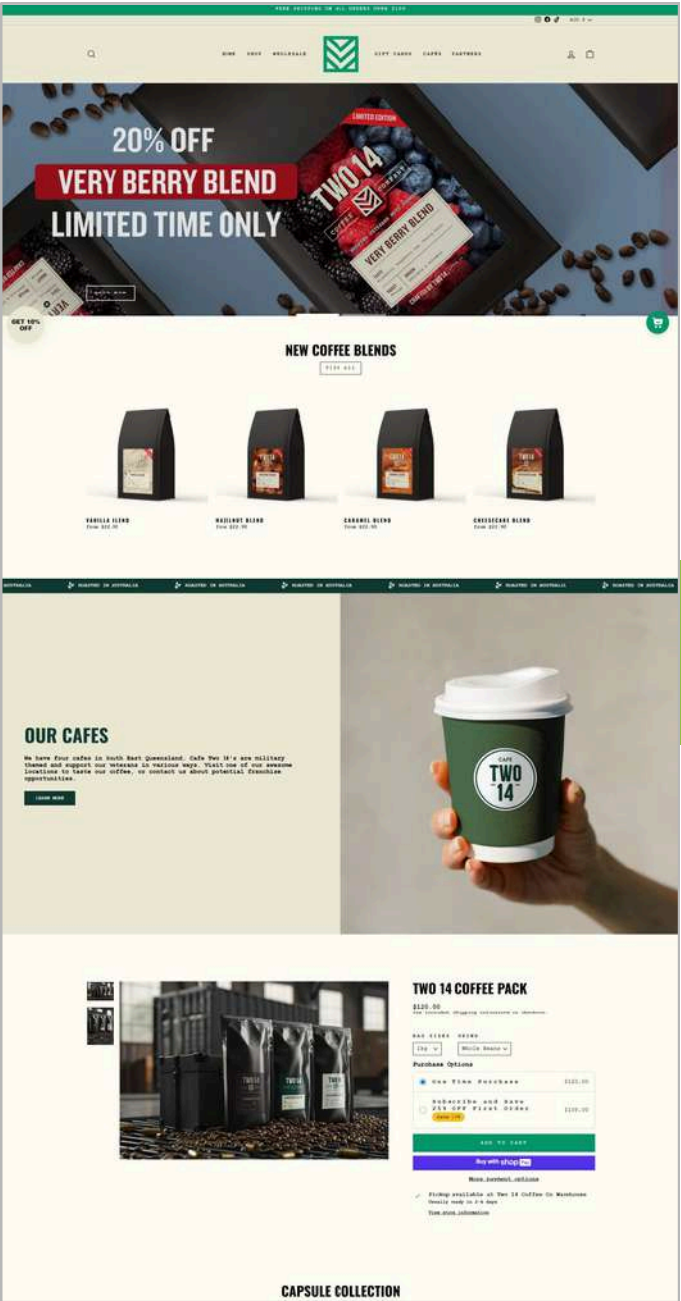

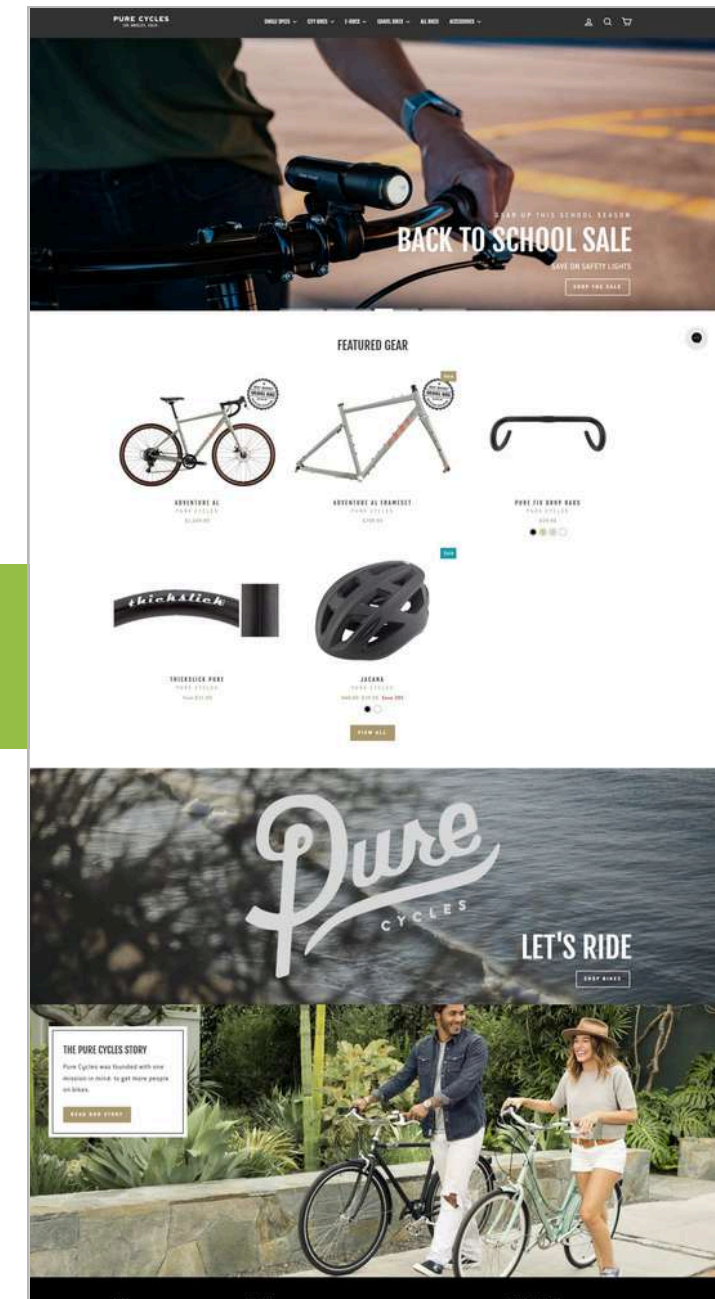

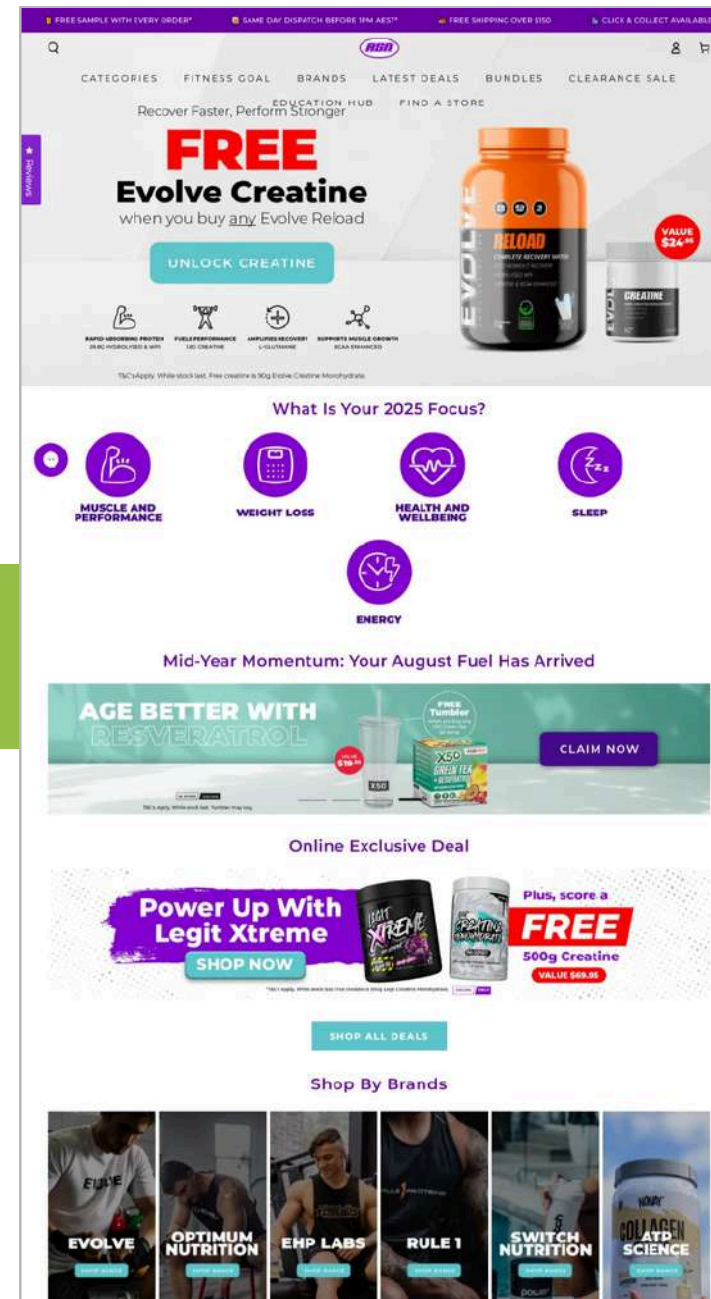

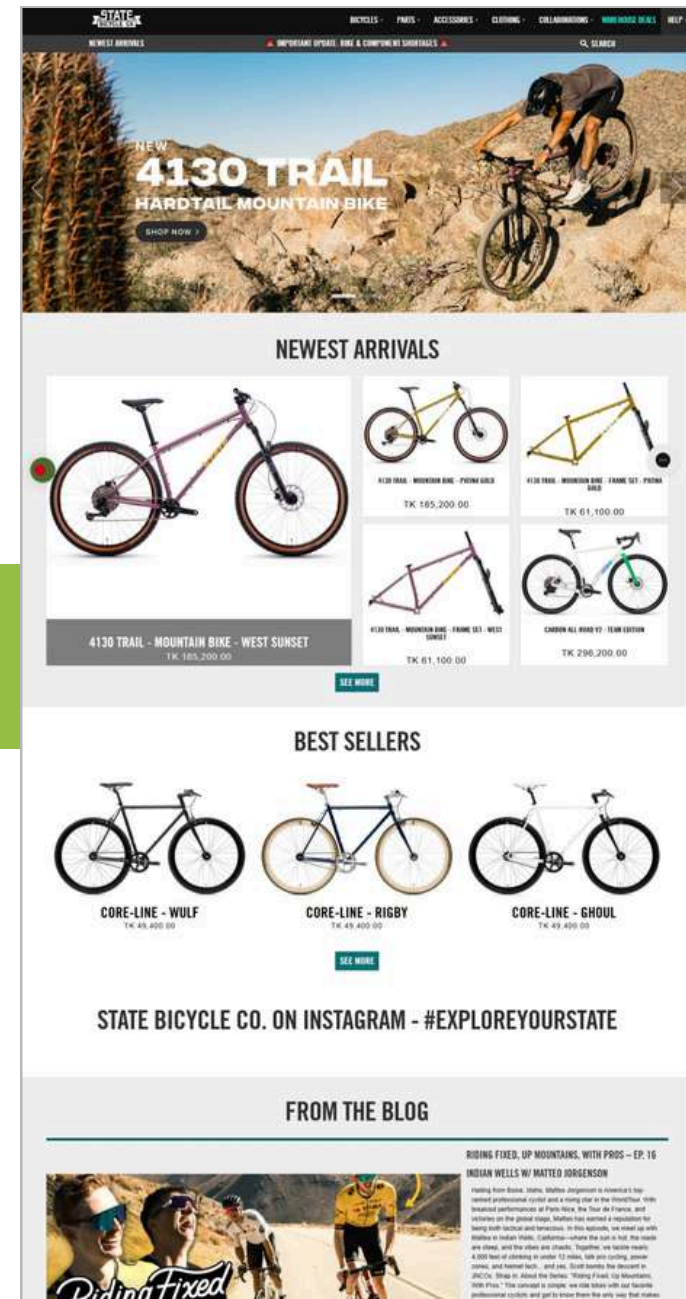

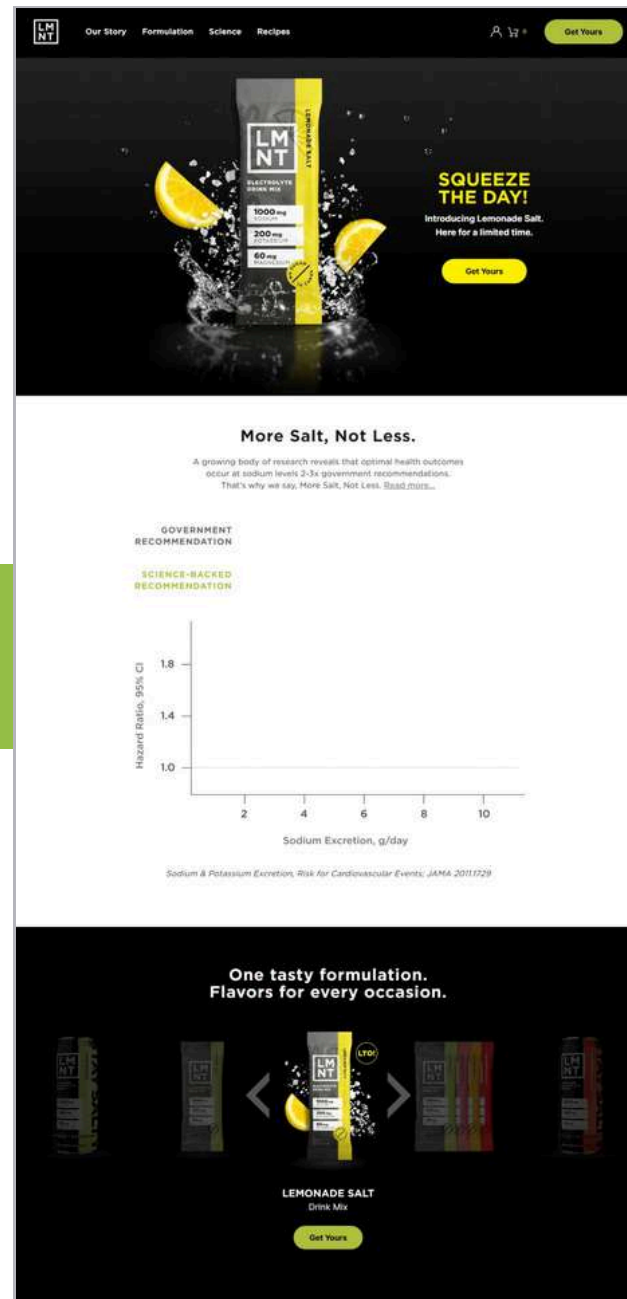

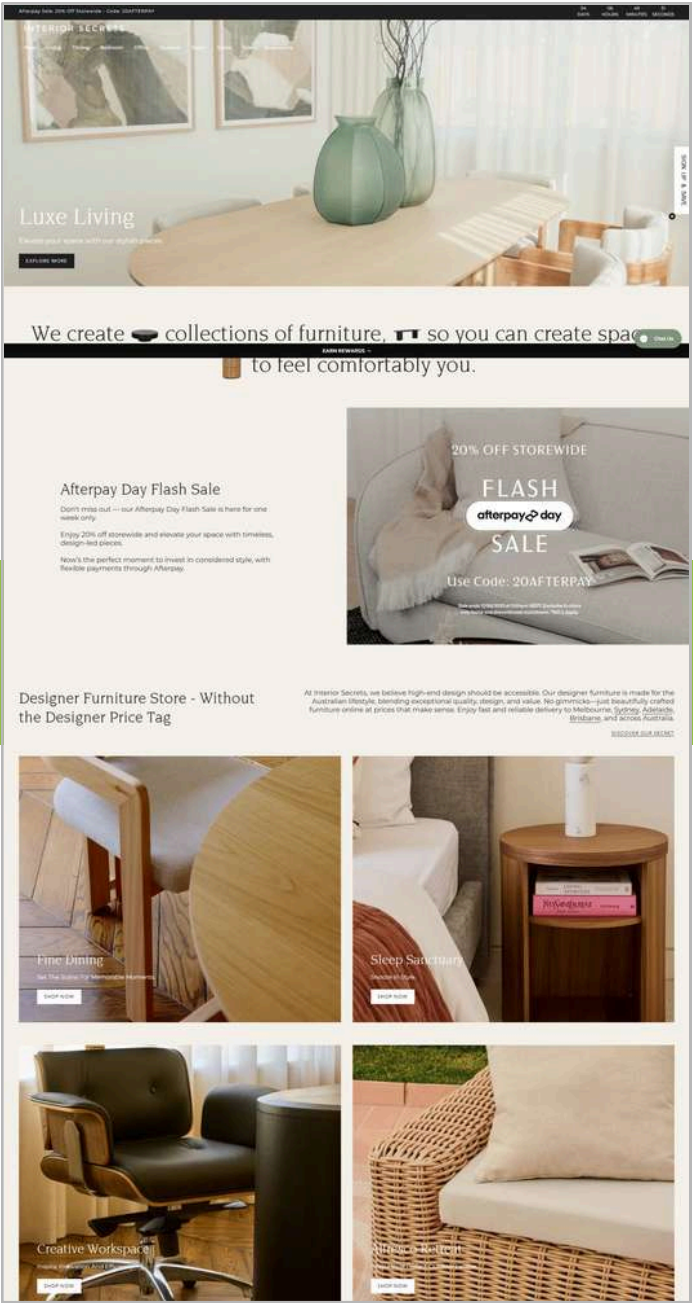

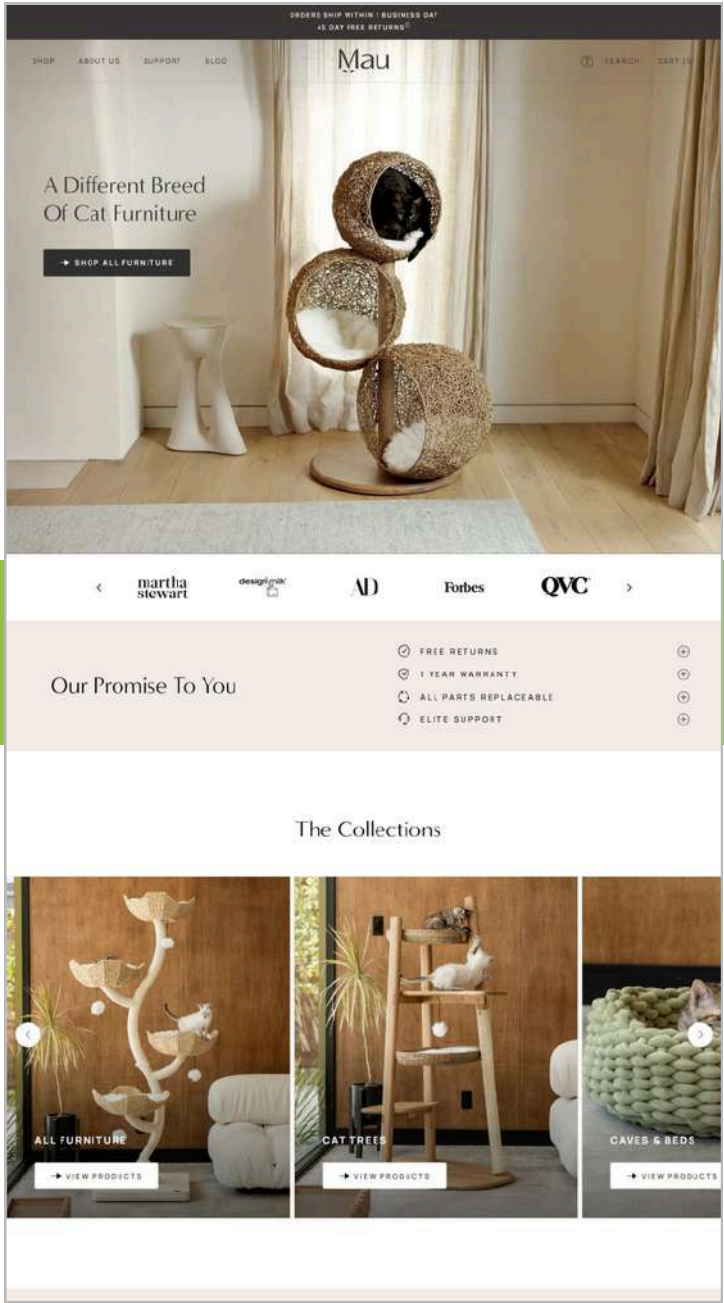

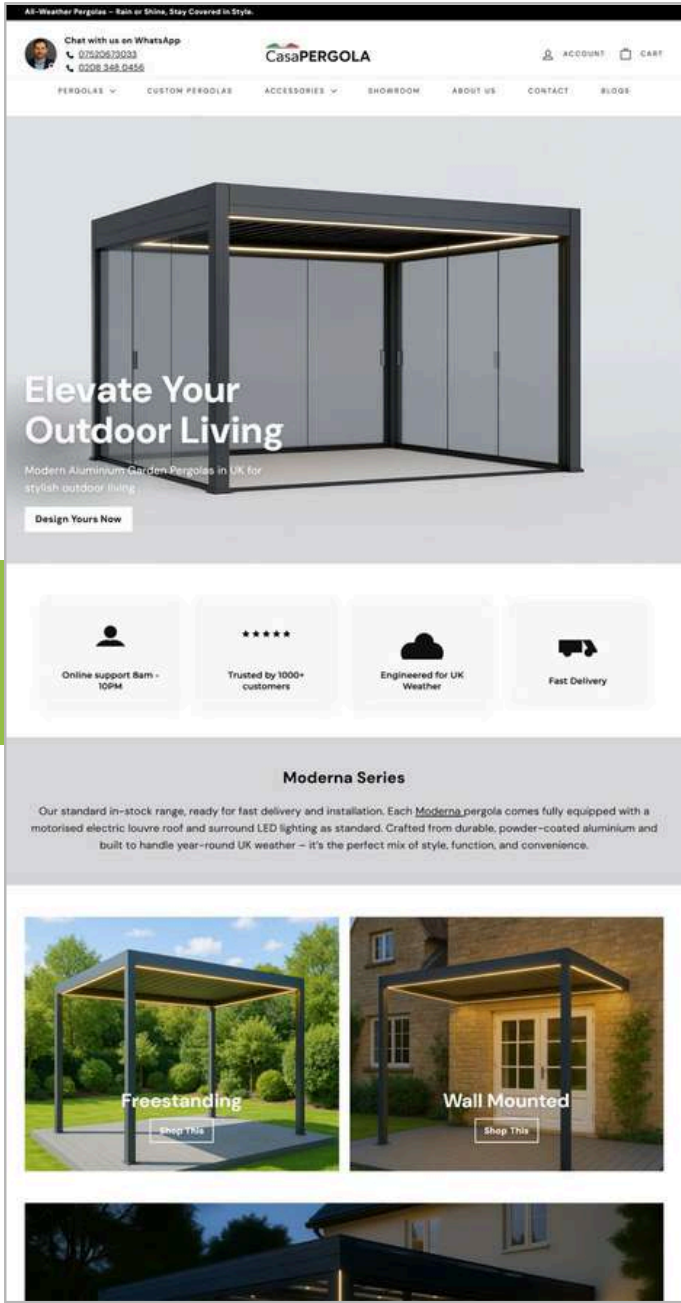

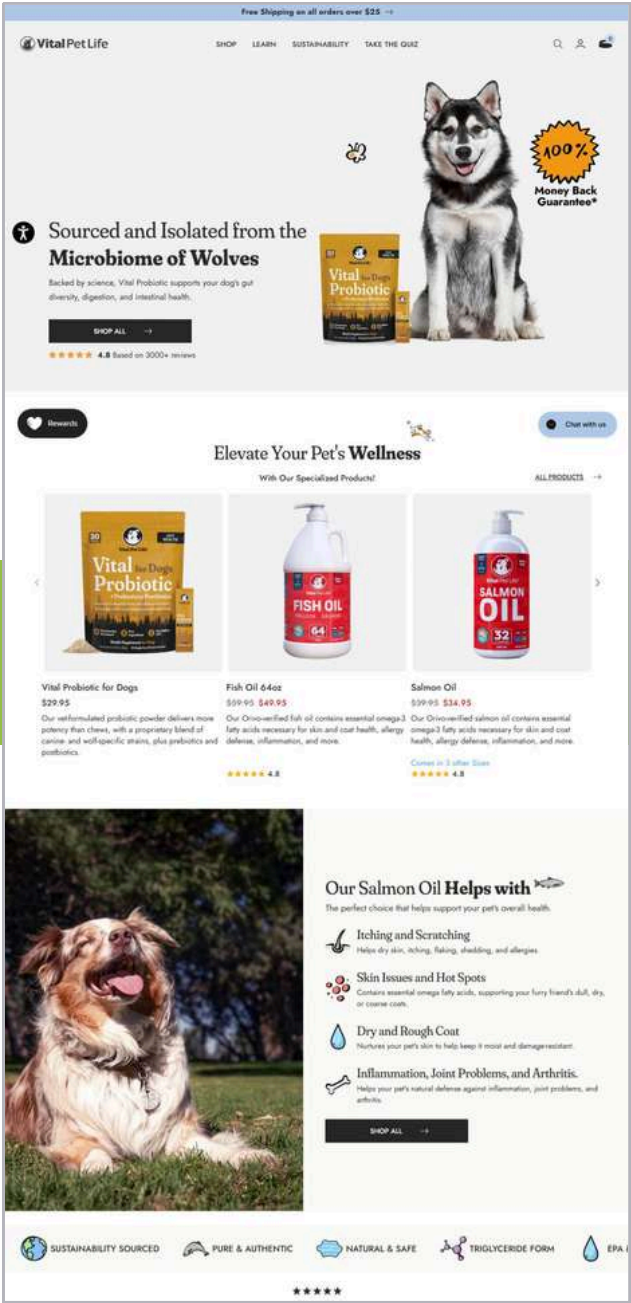

Biography

We build Shopify stores that sell.

At Omega Solution, we’ve spent the last 3+ years helping businesses launch and grow successful eCommerce stores on Shopify. From the very first idea to a store that’s live, fast, and bringing in sales, we handle it all.

We focus on making your store look amazing, work flawlessly, and convert visitors into customers.

What we do best:

- ◆ Custom Shopify store design & setup
- ◆ Web Design
- ◆ Store customization to fit your brand perfectly
- ◆ Speed and conversion optimization
- ◆ Shopify API integration & automation
- ◆ Custom website development for eCommerce
- ◆ Responsive Design

No templates that resemble everyone else's. No slow-loading pages. Just beautiful, high-performing Shopify stores built to grow your business.

Your store. Your vision. Our job is to make it happen.
